

Introducing...

# LOWEL RIFA™ ex™

## The Next Generation of Rifa...

You've loved Rifa's compact portability, 60 second setup, & beautiful output. Now, with the new Lowel Rifa eXchange System, we've added versatility!

All 4 original Rifa-lite models have been updated to create the new Lowel Rifa eXchange System.

- Quick-exchange push & twist lampheads.
- Patented, innovative accessory system.
- Tungsten-halogen / Daylight fluorescent.
- Use lower wattage lamps in larger Rifa eX models.
- 12 / 30 Volt operation now possible in all models.

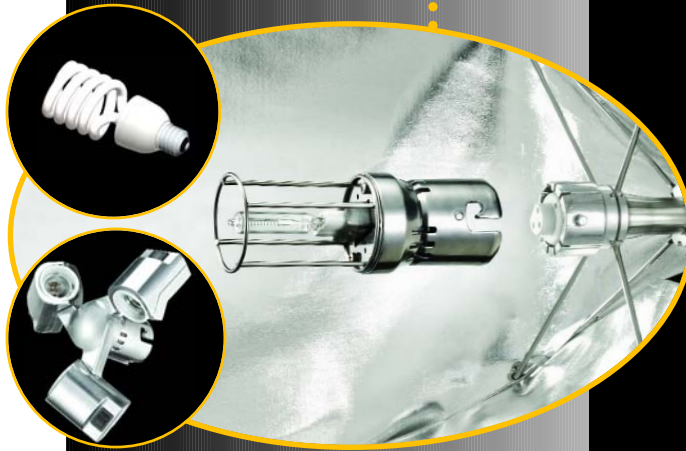

### Use your Rifa as you always have...

All Rifa eX models come with lampheads that use the exact same lamps Rifa has always used. But now, the new Rifa eXchange System expands your options.

With a Quick Twist of the Wrist.....

Go from Tungsten-halogen...

To Daylight Fluorescent, (or lower wattage Tungsten)

### The Rifa eXchange Push & Twist Lampheads

Tungsten-Halogen

Tungsten-Halogen

Screw-threaded Fluorescent or Incandescent

# System Overview

## All Rifa eX models

feature the same classic fast setup, quickly going from kit to lit in 60 seconds.

1 Remove from bag & place on stand.

2 Pushing in lamp fixture quickly opens shell.

3 Shell fully opens & locks into place.

4 Attach diffuser, plug it in & power it up.

## Rifa eX models

**LC-44EX** – 16 x 16" (40 x 40 cm)

**LC-55EX** – 21 x 21" (53 x 53 cm)

**LC-66EX** – 25 x 25" (63.5 x 63.5 cm)

**LC-88EX** – 32 x 32" (81 x 81 cm)

The accessory lampheads of the Rifa eXchange System add versatility to every model.
